- (i) **Board Meeting Frequency :- 2 to 3 times per year.**
- (ii) **Academic Advisory Body meeting frequency:- Minimum 4 Meetings per yr.**

u Organizational chart and processes

**As per Annexure - 10**

u Nature and Extent of involvement of faculty and students in academic affairs/improvements

**Apart from classroom & laboratory contacts, the students have regular discussions/ debates with faculty members every week (during co curricular activities periods) regarding improvement in academic affairs. Many extra classes are engaged as required even on non-working days in order to improve the performance of students. In certain cases, the parents are also called for interaction. During interaction with brighter students positive suggestions do come forth from time to time and these are implemented.**

u Mechanism/Norms & Procedure for democratic/good Governance

**The following procedures are adopted in order to achieve good governance.**

1. **Entire faculty of the institute is selected by a high level expert selection committee whose members are senior faculty from IIT and RECs, apart from UPTU's nominee. This is to ensure that the teaching process is of high quality.**
1. **As far as possible, students with high merits are admitted in the institute.**
2. **Our institute has provided adequate hostel facility for boys as well as girls. These students spare more time for studies and co-curricular activities.**
3. **Well lit & spacious classrooms & laboratories designed in the institute make the students feel cosy and relaxed.**

4. Exceptionally bright faculty members are well rewarded at the end of the semester/academic year so as to give them more encouragement and motivation.
5. Meetings of college Academic committees, Departmental committees, Students-teacher class interaction committees are held on regular basis in order to take any corrective action for moving faster towards achievement of academic excellence.
6. Students indulging in any act of indiscipline are immediately reported to college disciplinary committee, who take necessary corrective action.
7. College mess committee looks after satisfactory day to day working of Hostel & Mess. Hygiene and fresh nutritious food are always maintained at high standards
8. College toppers from all disciplines are rewarded on the college Annual day. This has a motivating effect on the entire student community. SIET awards merit scholarship, prizes, medals and commendation certificates for outstanding performance in academics, regularity and extra curricular activities to promote all round development of students. The SIET management has decided to refund Tuition fee to the students who top the university merit list in a particular course.
9. The students are encouraged to take part in co-curricular & extra –curricular activities during the time slots mentioned in the class time tables. Apart from this, the hostellers are able to take part in extra curricular activities more vigorously after the college working hours.
10. The chairman as well as vice chairman of the institute are available in the institute on all working days in order to monitor all the activities going on with regards to teaching/non-teaching work.

u Student Feedback on Institutional Governance/faculty performance

Towards the middle of semester as well as at the end of the semester, concerned HOD's demand a feedback report from the students regarding the academic performance of faculty. Likewise Managar (Admin.) has regular meetings with class representatives of students regarding any grievances. Necessary corrective actions are accordingly taken on continuous basis for improvements.

u Grievance redressal mechanism for faculty, staff and students

Grievance redressal is taken care by HOD's, who in turn discuss the issue, if any, with the Director. Wherever necessary, the chairman of the institute is asked to chair such meetings. This maintains congenial atmosphere at the campus.

Grievances redressal of students is taken care by various committees mentioned in Para IV above.

## V. PROGRAMMES
